Class 2 Permit Modification Request:

"Spent Decon Tank Remote Sampling System"

UTAH DIVISION OF
SOLID & HAZARDOUS WASTE

<p>What is the permit modification about?</p>	<p>TOCDF intends to modify the Spent Decon System (SDS) tank remote sampling system (RSS) to take advantage of an existing pump and to reduce the amount of plant equipment necessary to perform sampling activities. The modification will result in a more reliable RSS and reduce the need to perform toxic personnel entries into the SDS Room that result from an out-of-service RSS.</p> <p>The modified RSS will possess a single supply/return sample line pair to the remote glovebox station instead of a supply/return sample line pair for each of the three tanks. In addition, the same single pump will be used for all tank pre-sample recirculation and sampling. Tank selection will be accomplished through the use of existing remotely-operated and local manual valves.</p> <p>Concurrent with the modification request, TOCDF is requesting temporary authorization (TA) to begin installation and testing activities associated with modifying the SDS Tank RSS prior to the end of the 60-day post-submittal period. The modified SDS Tank RSS will not be used for sampling of hazardous waste until its construction has been certified by a qualified independent Professional Engineer.</p> <p>This permit modification request is identified by the alphanumeric designation TOCDF-SDS-02-0899.</p>
<p>When is the public meeting?</p>	<p>A public information meeting on this permit modification request will be held at 6:00 p.m. on Wednesday, August 23, 2006 at the Tooele Chemical Stockpile Outreach Office, 54 South Main Street, Tooele, Utah, 84074.</p>
<p>Where can I find a copy of this permit modification request?</p>	<p>A copy of this permit modification request is available for review by the general public during regular business hours at:</p> <ul style="list-style-type: none"> →Tooele Chemical Stockpile Outreach Office, 54 South Main St., Tooele, UT 84074 →Tooele City Library, 128 W. Vine Street, Tooele, UT 84074 →Utah Division of Solid and Hazardous Waste Offices (DSHW, Dept. of Environmental Quality), 288 North 1460 West, Salt Lake City, Utah 84116
<p>Who can I talk to about this?</p>	<p>The TOCDF point of contact is Mr. Trace Salmon at (435) 833-7428. The Permittees' (Deseret Chemical Depot/Program Manager for Chemical Demilitarization/EG&G) compliance history during the life of the permit being modified is available from the State of Utah (contact Mr. Tom Ball of the Utah Division of Solid and Hazardous Waste at (801) 538-6170).</p>
<p>How long is the comment period?</p>	<p>The public comment period for this permit modification request lasts a minimum of 60 days and begins Thursday, July 27, 2006 and will end Monday, September 25, 2006. Written comments regarding this permit modification request can be submitted to Mr. Dennis Downs, Director, Division of Solid and Hazardous Waste, Utah Department of Environmental Quality, 288 North 1460 West, P.O. Box 144880, Salt Lake City, UT, 84114-4880, and must be received no later than 5:00 pm, Monday, September 25, 2006.</p>

This public notice satisfies requirements of the Resource Conservation and Recovery Act and the Utah Hazardous Waste Management Rules (Utah Administrative Code R315).
